Introduction to Social and Economic Data Tables

The data for the Social and Economic Data Tables were developed from a variety of sources to aid local organizations in identifying target group needs and in making appropriate resource allocations for employment and training activities.

Terms expressed in these tables are those commonly used by the U.S. Department of Commerce, the Bureau of the Census, and the various state agencies that supplied the data. (The specified source of the data is noted at the bottom of each table or in the footnotes accompanying each table.)

For technical assistance or additional information about the Employment Development Department's (EDD) Labor Market Information Division (LMID), please call (916) 262-2162 or go to LMID's Web site at:

www.labormarketinfo.edd.ca.gov

Table 1
Public Assistance Recipients by Program
2002 - 2004
Mendocino County

Recipients by Program	July			California
	2002	2003	2004	July 2004
California Work Opportunity and Responsibility To Kids (CalWORKs) (a)	3,483	3,537	3,639	1,128,753
Adults	844	893	926	234,957
Children	2,639	2,644	2,713	893,796
Food Stamps (b)	5,697	6,298	7,188	1,889,494
General Relief	189	257	210	99,426
Refugee Cash Assistance (c)	0	0	0	878
Welfare to Work (d)	715	757	676	203,394

Source: California Department of Social Services

To access detailed reports for county comparisons, visit the California Department of Social Services

Internet address at: <http://www.dss.cahwnet.gov/research>

CalWORKs: see report CA 237; Food Stamps: see report DFA 256;

General Relief: see report GR 237; Welfare to Work: see reports WTW 25 and WTW 25A.

(a) Data include foster care children.

(b) Includes those persons receiving public assistance payments and those not receiving public assistance payments.

(c) Refugee Cash Assistance data are for the third quarter and exclude CalWORKs recipients.

(d) With the passage of the Federal Personal Responsibility and Work Opportunity Act of 1996 and California's subsequent implementation of the California Work Opportunity and Responsibility to Kids Act (CalWORKs), the requirement for recipients of aid to participate in work related activities increased significantly. This number represents the number of CalWORKs recipients who have been enrolled or have been sent a notice to participate in Welfare to Work activities. These individuals may be required to participate or be willing to participate in these activities.

Parole Adults (under local jurisdiction)⁹	1,371
2004 Veteran Estimates	
Total Veterans¹⁰	8,486
Male	7,988
Female	498
Veterans Receiving Compensation and Pension Benefits¹¹	1,152

n/a Persons counted as part of the Civilian Labor Force must be at least 16 years old.

Table 3 Workforce Investment Act Planning Information for Local Workforce Investment Areas

Footnotes and Data Sources

¹The **economically disadvantaged population** is defined by the Employment and Training Administration (ETA) as persons below the federal poverty level or below 70% of the Lower Living Standard Income Levels (LLSIL).

ETA provided these data from a custom tabulation generated by the U. S. Bureau of Census. Totals may not match other data from the same source. Further information can be accessed through the following Web sites:

ETA: www.doleta.gov

Census Bureau: www.census.gov

²**Poverty Universe:** Poverty status is determined for everyone except people in institutions, such as people in prison or in nursing homes; people in military group quarters; people in college dormitories; and individuals under 15 years old living with non-relatives, such as foster children.

³**Persons below Poverty:** An individual's poverty status is determined by comparing their family income with the federal poverty threshold appropriate for that person's family size and the number of family members under 18 years old. If a person is not living with anyone related by birth, marriage, or adoption, then the person's own income is compared with his or her poverty threshold. The Percent Persons in Poverty is calculated by dividing the Persons below Poverty by the Poverty Universe and multiplying by 100.

⁴**Excluding Military and College:** These data exclude persons who are on active duty in the armed forces and college students in the labor force.

⁵**Lower Living Standard Income Levels (LLSIL):** The LLSIL is used to determine an individual's eligibility for certain services under the Workforce Investment Act (WIA). WIA section 101(24) defines the LLSIL as "that income level (adjusted for regional, metropolitan, urban, and rural differences and family size) determined annually by the Secretary of Labor." In a manner similar to the poverty level, an individual's LLSIL status is determined by comparing their income and family size to the published LLSIL levels. For more information, see the ETA Web site at: www.doleta.gov/llsil/.

⁶**Civilian Labor Force** is persons 16 years or older who are "employed," excluding persons in the armed forces, or "unemployed." "Unemployed" are persons who were without a job and are actively looking for a job and were available to start a job.

⁷**Labor Force** in this category refers to civilian labor force, that includes, but is not limited to, the economically disadvantaged. March 2003 Benchmark data. These data are developed by the California Employment Development Department, Labor Market Information Division.

⁸**Not in Labor Force** refers to those who are not employed and not actively seeking employment. This category includes, but is not limited to, the economically disadvantaged. Not in labor force data are based on preliminary labor force data (01/2004-12/2004); Department of Finance populations estimates as of January 2004; and working age populations from 2000 Census data.

⁹Data provided by the California Department of Justice, 2002 Criminal Justice Profile. Additional information can be found on-line at: www.caag.state.ca.us.

¹⁰Data provided by the U. S. Department of Veterans Affairs, Veteran Population Projections Adjusted to Census 2000 (VetPop2001Adj), September 30, 2003, Washington, D.C.. Located on-line at www.va.gov.

¹¹Data provided by the U. S. Department of Veterans Affairs, Statistics for Veterans Receiving Compensation and Pension Benefits, November, 2004, Washington, D.C..

Source: State of California, Workforce Investment Division, Workforce Investment Act Directive
(WIAD04-2, August 9, 2004)

(a) Tables 1 through 5 show the 70 percent LLSIL and the poverty guidelines for western metropolitan a nonmetropolitan areas, and for three specific Metropolitan Statistical Areas in California. In addition, each LLSIL table includes the 100 percent LLSIL that establishes the Department of Labor's minimum self-sufficiency levels. Each table specifies which areas encompass which Local Workforce Investment Area (LWIA). For a family of one, in all tables, the poverty guidelines exceed the 70 percent LLSIL and, therefore, should be used to establish the low-income status. For all other family sizes, the LLSILs exceed the poverty guidelines. The last column in each table shows the amount to be added to the figure for a family of six for each additional family member.
